SENIOR CLASS HISTORY

CLASS OFFICERS

President	Lorna Walters
Vice President	John Purvis
Secretary	Glenna Murdock

Our high school career began September 17, 1949 with ten freshmen, six girls and four boys. The members of the class were Stella Mae Hoyt, Mildred Gale, Lillian Olund, Mary Bodewig, Cleone Zielke, Lorna Walters, Sam Grigg, Sacramento Jaramillo, Harold Bertalotto and Joe Allison. Our first dreaded thought was that of initiation which wasn't half as bad as we had figured on. We dressed like comic characters such as Popeye, Denny Dimwit, Olive Oil, etc. During the year we lost two class members and gained two. Joe joined the army and Harold had to quit to work on his father's farm. The two gained were Eva Jean Crabtree and Lee Jennings. Eva moved here from Payette, Idaho and Lee was transferred from Franklin High School in Portland.

After a year of hardship and struggle, we finally worked up to the next notch--that of a Sophmores. During the summer vacation we lost Stella Mae, Sacramento stayed out to work on the Maramillo farm, however his brother Manuel took his place.

Finally after two years of hard work (and some not so hard) we were no longer lower classmen but were mighty juniors. At the beginning of the year there were only six to answer roll. The class consisted of Cleone Zielke, Lorna Walters, Eva Jean Crabtree, Mary Bodewig, and Lillian Olund. The male members (or should we say member) was none other than Sam Grigg. After about the first six weeks Mildred left us for a more advanced education--that of housekeeping for a former graduate of Harper High and also an ex-member of Uncle Sam's armed forces. Most of the members of the junior class were in the Photo Club, and also held offices in the student body, were on the Radiator or Hornet Staff.

The class now consists of Lorna Walters, Cleone Zielke, Eva Jean Crabtree, Sam Grigg, John Purvis and Glenna Murdock. Marie Jackson also joined us in our senior year.

This year we went on our sneak, which took us to LaGrande where we went through the college and from there on to Wallow Lake.

SENIOR CLASS WILL

We, the Senior Class of '49, feel we should leave something to our school, teachers, and school mates that will relieve their sadness once we are gone. It is with this aim in mind that we make this last will and testament.

SECTION I

To the Harper High School we leave those ghosts of memories about us to float up and down the halls as a constant reminder of the class of '49.

To the teachers we extend our sympathy for the loss of such an exceptionally splendid class and we leave our appreciation to them for their valiant attempts to educate us.

To the Senior class of '50, we bequeath our dignity and high intelligence and hope that they may keep up the standards and follow the examples that we have set for them.

To the Junior class of '50, we give the honor of carrying out our last wishes, and we hope they will abide by all provisions herein made.

To the Sophmore class of '50, we will our ability to get along with the teachers and we hope they use it well.

To the Freshman class of '50, we wish them the luck we had when we were Freshman.

SECTION II

I, Lorna Walters, will my even temper to Patsy Lee; it will go with her red hair. My ability to get along with the teachers to Don Purvis.

I, Sam Grigg, will my artistic ability to Phyllis Bertalott, my blonde hair to Bob Murdock.

I, Eva Jean Crabtree, will my ability to get out of school at 3:15 each day to any one who might want it.

I, John Purvis, will my car to Val Gene Dice, and my pretty curly hair to Charles Burtis.

I, Cleone Zielke, will my ability to be a good student to the Freshmen class, and my school boyfriends to Barbara Walters and Eva Winters.

I, Glenna Murdock, will my ability to flirt and get along with the boys to Mona Smith.

SENIOR PROPHECY

"Oh dear! History again" were the thoughts of Buzzy Hornet as he whizzed into class to be on time for "everything", but things were boring as usual. He took out his pencil and lazily began to sketch some of his class mates as they would appear to him in years to come.

a radar message has just been received from Dare-Devil Aviatrex, Cleone Zielke, on the moon. She states that the moon is not made of green cheese. She says she knows because she tasted it.

Working in Grand Central Station, Glenna Murdock is in charge of information and she also calls the trains.

Eva Jean Crabtree is making her mint just across the street from the Harper High School. It is called "Lindly Hamburger Heap".

Lorna Walters is making great progress with her cure for kleptomaniacs. Miss Walters states, "Like my idol, Sister Kenny, I prefer my work to matrimony".

Johnny Purvis, a regular visitor to Little Valley Turkish Baths, was thrown out recently. Very disgusted he remarked, "How did I know it was ladies day?"

Marie Jackson Hite is the proud mother of twins and griplets. Her future looks pretty well occupied, don't you think?

Well, Sam Grigg has just taken over the Grigg Honey Business. Sam says he's doing fine but oh, how those darn things can hurt sometimes!

"Buzzy, Buzzy", came a slightly angered voice beside him. He looked up and saw that it was none other than Mr. Gould, the principal. "If you want to graduate from this school and bdcome one of our well remembered alumni, wake up and get to work!"

September 7, 1948, twelve freshman enrolled at Harper High. After three weeks of school Shirley Retherford joined us. Dewey Olund moved to Coeur d' Alene and Wilma Lou Purvis joined us from Ontario. Dewey decided Coeur d' Alene wasn't good enough for him so he returned to Harper.

The initiation was a big nightmare. The girls were dressed in their pajamas, and a beautiful string of onions, and a hat, with their hair pulled up. The boys wore night-gowns with their hair put up in pin curls, make-up and a string of priceless onions around their necks. At noon we trudged through the stores singing "I'm a Lonely Little Petunia in an Onion Patch." To top it all we had to roll a jelly bean down the sidewalk with our noses. That night they gave us a big party, with which brought more torture. It was loads of fun.

About two weeks after the initiation we gave the upper classmen a return party. We played games, ate, and had lots of fun.

Those on the Hornet Staff are Bob Murdock, Mona Smith and Wilma Lou Purvis. On the Raditor Staff is Clyde Lynd.

Those taking partiin the student body play were Wilma Lou Purvis, Clyde Lynd and Eva Winters.

STUDENT COUNCIL

The purpose of the Student Council is to handle the school letters and stripes on sweaters, awarding and requirements for earning letters.

We had a ticket system for misdemeanors at school, but never used it to any great extent. The sergeant elected from each class was to handle the tickets. When they received a ticket they were tried in the Student Council which is composed of one representative from each class, along with the class president. When three tickets were, received they were taken before the inner council which was composed of the student body officers. The Student Council officers were, Sam Grigg-President, and Frankie Kine-Secretary.

PHOTO-CLUB

The students sponsored a dance and box social to raise money to make it possible to buy equipment for photography work as an activity for students interested.

The main Reason for establishing the Photo-Club was to make a less expensive Year book. Many students have enjoyed this work throughout the year.

JUNIOR--SENIOR BANQUET

The Junior-Senior Banquet was held in the school auditorium, April 22. The Junior class colors, lavendar and white were used in decorating the walls and ceiling. The junior class flower, the sweetpea was used on the tables, and apple blossoms on the piano.

Don Purvis acted as toastmaster. There were several speeches and a musical number on the program.

Those present besides the upper classmen were the faculty and board members accompanied by their wives and husbands.

The play was directed by Miss Stevens and Mr. Gould, who did a good job.

STUDENT BODY DANCE

The student body sponsored a Halloween dance on October 29, to raise money for photography equipment, so they could make their annual cheaper. The dance was held in the community hall, decorated in Halloween colors. The dance was enjoyed by a large crowd. There was a beauty contest among the high school girls. Glenna Murdock won with Luree Chastain as runner up.

SKATING

The students enjoyed several skating parties during the year, which took them to Ontario. Those not caring to skate all evening went to picture showes or games in Ontario.

Aunt Maude Marlin has raised two neices, Rose and Daffy. Rose is of marriageable age and Daffy is a precocious young ster of fourteen. She has befriended a young English boy named Dizzy Burton and this formidable pair, Dizzy and Daffy, afe forever playing pranks and getting into mischief.

It seems that when she was real young Aunt Maude met and fell in love with a boy named Chauncey Grey. They were anxious to wed but there was family opposition, they quarreled and Chauncey went to France to fight in World War I and he never returned. For over twenty-five years Aunt Maude has loved in the past and mourned her lost Chauncey. This has made it very difficult for Austin Chandler, a wealthy business man, who longs to marry Aunt Maude. Upon several occasions he has talked Maude into becoming engaged to him but she always starts carrying on about her "poor dear Chauncey," which leads to a quarrel with Austin and the engagement is called off.

Rose is in love with handsome young Sherwood Lang and the couple long to get married, but Aunt Maude frowns upon the union. Rose feels that if only Austin can persuade Aunt Maude to marry him the way would be paved for her to marry Sherwood. But how to lay the ghost of "darling Chauncey"? It is a Daffy who finally hits upon a plan. When a strange man is knocked down in front of her house by a hit-and-run driver Daffy brings the unconscious man into the house. Upon regaining consciousness it develops that the stranger has lost his memory, his mind is a total blank and he doesn't even know his name. Daffy promptly uses this situation to help Rose out of her dilemma. She introduces the stranger into the Marlin household as Chauncey Grey, Aunt Maude's boyhood sweetheart who has returned after all these years to claim his lost love. The results are uproarious and disastrous, for the stranger is married and just as Aunt Maude is preparing to marry the man she thinks is her Chauncey the real wife whows up to claim her missing husband.

BOYS SPORTS

The boys started off this year playing a new game called soccer. The boys had quite a time playing this game. Then during the winter time we took up basketball. We played one game this year with Jordan Valley and lost with a score of 41-14.

After basketball season the boys started Health. The majority of the boys passed their P. E. Tests.

After we finished Health, we started playing baseball. This is the first year we have played other teams for several years. We played three games, two with Vale and one with Ontario. We were defeated all three times. The first game was with Ontario with the game going to them with a score of 25-2. The next game was with Vale, which went to them at 11-10. Our last game was on our home field with the game going to Vale again, 15-7. We expect to have more and better games next year.

GIRLS SPORTS

Nineteen girls were enrolled in the gym class when school started.

We played several games of softball with the seventh and eighth grade boys with our team winning only one game.

When the boys played their game of basketball in Jordan Valley, the girls also played the girls a game of volleyball. We won the game with a score of 29-14.

During the year the girls took calisthenics and tumbled. We worked outside of school for credits toward our G.A.A. letters and emblems. During the winter months we took Health.

FIRST AND SECOND GRADES

The first and second grades began the year with 19, dropped during the mid-year to 16, and recertly climbed to 19 again.

In spite of a long hard seige of the measles, both have covered all their required work.

We gave a Thanksgiving Mothers' Reception, a Valentine party and an Easter party. We had a picnic at Richard Palmer's beach on Cottonwood. We earnec money for the extra weiners by making hot-cross buns and selling a dozen.

It has been a very interesting and successful year.

THIRD AND FOURTH GRADES

Twenty-seven students were enrolled in our groyp in September. At the end of the year there were twenty-five in the room.

Pat Whittenburg, Roma Smith, Kay Stallbaum and the Coleman girls moved away. Jerry Sutliff, Viola Harlle, Johnny Roberts, and Elaine Morehouse entered during the year.

We enjoyed a Halloween party with the first and second grades. For Thanksgiving we entertained our mothers. The name of our Christmas play was "The Fairies Christmas Message", We hunted Easter eggs in our teacher's yard. After the egg hunt we ate a picnic lunch.

FIFTH AND SIXTH GRADE

Mrs. Palmer's fifth and sixth grades organized a health club in the fall. Dean Boylan was chosen president, Francis McKenney, secretary, John Burtis, vice-president, and Joan Mendiola, song leader. They have worked out several interesting units with demonstrations on first aid, personal cleanliness, etc.

Our room enjoyed making room decorations of the traditional Santa Clause, chains, window scenes, and wreaths. The climax was reached when the gifts from our tree were distributed.

We had a picnic and wiener roast down by the river the latter part of March. We enjoyed games and more food and pop than could be comfortably consumed.

Our group made Easter cards and wall decorations for Easter. We also enjoyed a treasure hunt which brought forth dyed easter eggs, candies and nuts.

We made a trip to Boise at the end of school, which included a visit to the Capitol building and other places of interest, and also the park.

SEVENTH AND EIGHTH GRADES

The enrollment this year reached a total of twenty-five pupils, the seventh grade accounting for seventeen of them. Three of the twenty-five, Jo Mae and Jimmy Roberts, and Beth McClure, are new pupils, and Norma Olund returned to join our room.

The high-lights of our program of recreation were the 4-H skating party at Frank's Roller Rink on February 10, and another on April 22, an outing and picnic dinner on Cottonwood Creek on April 8, and the "last day" trip to Boise on May 19. All of these trips were made in the school bus with the exception of the picnic on Cottonwood, when Verda Palmer took her jeep and Mr. Gardner, his car.

Commencement was on Friday evening, May 20. Three girls, Betty Stump, Beverly McKenney, and Dorothy Duckworth tied for first honors. Other members of the graduating class are Tom Shira, Jo Roberts, Loretta Shurts, Jimmy and Rebecca Jaramillo.

JOKES

The Judge: Well, what's your alibi for speeding sixty miles an hour through the residence section?

Don P: I had just heard, your honor, that the ladies of my wife's church were giving a rummage sale and I was hurrying home to save my other pair of pants.

Miss Stephens: Define the word kiss.

Bill: This word is a noun, but it is usually used as a conjunction. It is never declined, and is more common than proper. It is not very singular, in that it is usually used in the plural. It agrees with me.

"What right do you have to argue with me?" asked Miss Quast

"I haven't said a word," Boyd protested.

"You were listening in a vdry aggresive manner," retorted Miss Quast.

"Please, Mr. Gould," said Clell, coming into class, "ought I to be punished for something I Haven't done?"

"Of course not," replied Mr. Gould.

"Whew! said Clell with relief, "I haven't done my Algebra."

Coming out of a movie theater, a couple discovers an enormous waiting line, and the astonished wife says: "We must have seen a good picture!"

It was an old lady's first ride in a taxi. She watched with growing alarm the driver as he continually put his hand outside the car as a signal to the traffic following. At last she said: "Young man, you look where you are going and keep both hands on the wheel, I'll tell you if it starts to rain.

Teacher: Larry, what does your father do when he finds anything wrong with the car.

Larry: He bawls Ma out.

The train was pulling out of the station when Bob threw his bag onto the observation platform, and swung himself up over the handrail. He stood panting but triumphant as the train gathered speed.

An elderly party on the platform observed him with some scorn. "You young fellows don't keep yourselves in condition," he snorted. "Why, when I was your abe I could carry a cup of coffee in one hand, run half a mile, catch the 8:15 by the skin of my teeth, and still be fresh as a daisy."

"You don't underscand, pop," puffed Bob, "I misses this train at the LAST station."
